

Buffalo Central Terminal

March 5, 2020 – Revised March 24, 2020 with new deadline

Position Title: Community Engagement Coordinator
Location: Buffalo, NY
Job Classification: Non-Exempt/Full Time
Reports to: Executive Director

Organization:

The Central Terminal Restoration Corporation's mission is to restore and revive the Art Deco train station. Opened in 1929 to serve more than 200 trains and 10,000 passengers daily, the iconic Buffalo Central Terminal operated for 50 years, until this masterpiece officially closed as a train station in 1979. In 1997, the 12-acre Buffalo Central Terminal site was acquired by the non-profit Central Terminal Restoration Corporation (CTRC) to refurbish and repurpose the property on Buffalo's East Side as a thriving hub of community events and activity.

The next steps for the Central Terminal are to advance planning and reuse in line with the 2017 Urban Land Institute Advisory Panel's findings. Work is starting with planning that will guide the vision, operations, finances and capital improvements to the site, and neighborhood planning to connect the site to the Broadway Market and the Broadway Fillmore business district. Neighborhood planning will maximize the intrinsic linkages between the Terminal and the Broadway Fillmore neighborhood in order to pursue development in tandem to their mutual benefit. A Site & Neighborhood Planning consultant is being selected and will commence in April 2020. Capital improvements to create a year-round, regional venue in a portion of the Terminal will start this summer.
